

A low-angle, upward-looking photograph of several modern skyscrapers with glass facades. The buildings are arranged in a circular pattern, creating a sense of height and scale. A bright light source is visible at the top center, creating a lens flare effect. A large, semi-transparent red diagonal shape is overlaid on the right side of the image, extending from the top right towards the bottom right. The overall color palette is dominated by dark blues, greys, and blacks, with the red overlay providing a strong contrast.
